

**“It is my pleasure to write something to you about your services. I have been at this company for 8 years and I know that you have been providing payroll services to G & H service Company even longer than that.**

**In the eight years, I have NEVER had a complaint, when there are issues, which are very few; it is resolved and handled immediately.**

**Your staff is phenomenal and very knowledgeable.**

**I think the best thing that I like about your company is the personal service that I receive, your staff shows that they really care. Often times in business, people are forgetting that Customer Service is #1, luckily for us, your business has not.”**

Sincerely,

Colleen Stelma
