

“I suppose your business, much like ours, is expected to work at all times. I suppose you only hear from those customers who have experienced a problem. It’s nice to be able to relay some good news.

Mealeys’ experience with The Payroll Factory has been a good one. Your level of service has consistently been at a high level. When we do have an issue, it is handled quickly and professionally.

There is one member of your team that I would like to single out. Our (myself and Joel Saftlas, HR Director) dealings with Cathy Trexler have been a most pleasant experience.

Her knowledge, courteous service, and prompt follow up have been much appreciated. As our main contact, she has provided excellent service.

Congratulations to Cathy and keep up the good work.”
